DIVE INTO HISTORY!

Scuba diving in North Carolina is truly an incredible experience. Fed by the warm clear waters of the Gulf Stream, it has incredible visibility and comfortable temperatures making NC Diving always top rated by scuba enthusiasts and dive publications. North Carolina is also referred to as the "Graveyard of the Atlantic." More than 2,000 ships have sunk in these waters since people began keeping records in 1526, and LDC has teamed up with Olympus Dive Center to take you on the best wrecks to dive off the coast of North Carolina.

Some of the most impressive wrecks are the World War II casualties - vessels fallen prey to Hitler's U-boat fleet as they traversed the offshore waters. Tankers, cargo ships, British fishing trawlers, and even German submarines, form impressive underwater monuments to this tumultuous segment of our maritime heritage. Among others, a World War I gunboat, a late 18th century schooner, and an early 20th century luxury liner exist in North Carolina's unparalleled collection of dive-able history.

Additionally, thanks to the continued efforts of the NC Division of Marine Fisheries Artificial Reef Program, local fishing organizations, and the Carteret County Artificial Reef Association, North Carolina is home to a plethora of vessels sunk purposefully as artificial reefs. Like their historic counterparts, these sites host a vast array of marine life making for thoroughly enjoyable diving experiences.

— LDC ECO/OCEAN FRIENDLY TRAVEL TIPS —

As divers, we share a deep respect for our ocean planet and the diversity of life it supports. We also know what's at stake if we don't protect our environment. Divers can make a difference. Each time we travel, dive and immerse ourselves in new destinations, here's what we can do to help:

- **Leave Only Bubbles:** Minimize waste and pack your trash for home.
- **Take Only Pictures:** Leave shells, coral and other natural treasures in place.
- **Be Buoyant:** Avoid touching reefs and other natural areas with your body, dive gear, cameras and other underwater equipment.

- **Lighten Your Lodging Footprint:** Turn off lights, reduce air conditioning, reuse towels and conserve water.
- **Choose Sensible Seafood:** If seafood is on the menu, make sustainable choices.
- **Buyer Beware:** Learn the facts before buying souvenirs made from wildlife. (Note; All sea turtle products are illegal)
- **Support Marine Protected Areas:** Contribute via park fees, donations and volunteerism.
- **Set an Example:** Cleanup trash, never intentionally touch, feed or handle marine life, and set examples like these for others to follow.
